Financial Reporting Practices Awarded

Waukesha, WIS. – Waukesha County has been awarded the Certificate of Achievement for Financial Reporting from the Government Finance Officers Association of the United States and Canada (GFOA), for the 16th consecutive year.

The award is the highest form of national recognition in governmental accounting and financial reporting for the Comprehensive Annual Financial Report (CAFR). The Department of Administration's Accounting Services Manager, Larry Dahl, will be given the award for directing the CAFR project.

"I am proud of our financial reporting practices," said County Executive Daniel M. Finley. "Larry Dahl provides the guidance needed to maintain the appropriate standards of excellence. He is an asset to county government and to the community at-large."

An impartial panel was selected by GFOA to judge the CAFR's ability to clearly communicate the County's financial standing, as demonstrated through the constructive use of full disclosure.

GFOA is a non-profit, professional association that serves 14,000 government finance professionals throughout North America.
